

# **UN Disaster Risk Reduction Case Study Review Meeting**

**September 27-29, 2010**

**Boulder, Colorado, USA**

## **Participant List**

### **Abdou Ali**

Agrometeorological and  
Hydrometeorological (AGRHYMET)  
Regional Centre  
[m.yahya@agrhyment.ne](mailto:m.yahya@agrhyment.ne)

### **Margaret Hiza**

US Geological Survey, NOAA  
[mhiza@usgs.gov](mailto:mhiza@usgs.gov)

### **Christina Alvord**

NOAA National Integrated Drought  
Information System (NIDIS)  
[christina.alvord@noaa.gov](mailto:christina.alvord@noaa.gov)

### **Brian Jackson**

Joint Office for Science Support,  
University Corporation for Atmospheric  
Research (UCAR)  
[bjackson@ucar.edu](mailto:bjackson@ucar.edu)

### **Fernando Briones**

Centro de Investigaciones y Estudios  
Superiores en Antropología Social (CIESAS)  
[briones@ciesas.edu.mx](mailto:briones@ciesas.edu.mx)

### **Kenrick Leslie**

Caribbean Community Climate Change  
Centre (CCCC)  
[oed@caribbeancclimate.bz](mailto:oed@caribbeancclimate.bz)

### **Wadid Erian**

Arab Center for the Studies of Arid Zones  
and Dry Lands (ASCAD)  
[Wadiderian@yahoo.com](mailto:Wadiderian@yahoo.com)

### **Yaoming Liao**

China Meteorological Administration  
[lymzxr@cma.gov.cn](mailto:lymzxr@cma.gov.cn)

### **David Farrell**

Caribbean Institute for Meteorology and  
Hydrology (CIMH)  
[dfarrell@cimh.edu.bb](mailto:dfarrell@cimh.edu.bb)

### **Eduardo Savio Passos Rodrigues Martins**

Foundation for Meteorology and Water  
Resources (FUNCEME)  
[espr.martins@gmail.com](mailto:espr.martins@gmail.com)

### **Gideon Galu**

US Geological Survey, Famine Early Warning  
System (FEWSNET)  
[ggalu@fews.net](mailto:ggalu@fews.net)

### **Andrew Maskrey**

United Nations Development Programme  
Bureau for Crisis Prevention and Recovery  
[maskrey@un.org](mailto:maskrey@un.org)

### **Justin Ginnetti**

Secretariat of the UN International Strategy  
for Disaster Reduction  
[ginnetti@un.org](mailto:ginnetti@un.org)

### **Francis Mosetlho**

South African Weather Service (SAWS)  
[Francis.Mosetlho@weathersa.co.za](mailto:Francis.Mosetlho@weathersa.co.za)

**Carolina Nero**

Centro de Investigaciones y Estudios  
Superiores en Antropología Social (CIESAS)  
[caro.neri@gmail.com](mailto:caro.neri@gmail.com)

**Roger Pulwarty**

NOAA National Integrated Drought  
Information System  
[roger.pulwarty@noaa.gov](mailto:roger.pulwarty@noaa.gov)

**Jayanta Sarkar**

India Meteorological Department, Office of  
Additional Director General of Meteorology  
(Research)  
[jayantasarkar2003@yahoo.co.in](mailto:jayantasarkar2003@yahoo.co.in)

**Rajib Shaw**

Kyoto University  
[shaw@global mbox.media.kyoto-u.ac.jp](mailto:shaw@global mbox.media.kyoto-u.ac.jp)

**M.V.K. Sivakumar**

Climate Prediction and Adaptation (CLPA),  
Climate and Water Department (CLW),  
World Meteorological Organization (WMO)  
[msivakumar@wmo.int](mailto:msivakumar@wmo.int)

**Mark Svoboda**

National Drought Mitigation Center (NDMC),  
University of Nebraska-Lincoln  
[msvoboda2@unl.edu](mailto:msvoboda2@unl.edu)

**Yukiko Takeuchi**

Kyoto University  
[y.takeuchi@fw7.ecs.kyoto-u.ac.jp](mailto:y.takeuchi@fw7.ecs.kyoto-u.ac.jp)

**Alonso Brenes Torres**

Universidad de Costa Rica  
[albrenet@hotmail.com](mailto:albrenet@hotmail.com)

**Adrian Trotman**

Caribbean Institute for Meteorology and  
Hydrology (CIMH)  
[atrotman@cimh.edu.bb](mailto:atrotman@cimh.edu.bb)

**Jim Verdin**

NOAA National Integrated Drought  
Information System (NIDIS)  
[verdin@usgs.gov](mailto:verdin@usgs.gov)

**Melanie Whitmire**

Joint Office for Science Support,  
University Corporation for Atmospheric  
Research (UCAR)  
[whitmire@ucar.edu](mailto:whitmire@ucar.edu)
